GEBERIT WALL-HUNG SOLUTIONS

**INTELLIGENCE
ON THE INSIDE.
BEAUTY ON
THE OUTSIDE.**

Today, more than ever, people are looking for luxurious finishes in master bathrooms and en-suites. The trend for wall-hung and wall-mounted technology is a great way to enhance your bathroom.

The latest wall-hung toilets are affixed securely to Geberit Duofix frames which are neatly hidden behind the wall, creating a liberating sense of space.

ELEGANT DESIGN. EASY-CLEAN ACCESSIBILITY

The visual appeal of the wall-hung toilet lies in the fact that it hovers several inches off the floor, enabling easy cleaning both around and underneath it. Unlike a conventional close coupled toilet, there are no nooks and crannies where dust and germs can accumulate.

DIFFERENT OPTIONS FOR YOUR BATHROOM

BACK-TO-WALL

The cistern is conveniently hidden behind the wall, creating cleaner lines, with the ceramic pan resting on the floor

CLOSE COUPLED

The ceramic toilet and cistern are fixed together and stand on the floor, traditionally requiring greater floor area due to the increased projection of the cistern

WALL-HUNG

The cistern is neatly hidden behind the wall and the toilet is raised off the ground, creating a liberating sense of space and making the bathroom easier to clean and maintain

SUPERIOR USE OF SPACE

Wall-hung toilets are an ingenious space saver; out of sight but very much front of mind for trend conscious homeowners.

Freed from the bulky constraints of having a visible cistern sitting on the pan, they take up significantly less space, enabling them to be fitted closer to furniture, shower enclosures or other ceramics.

Where space is at a premium, the use of a wall-hung option can liberate planning. With the cistern and frame cleverly concealed behind a stud wall and complemented by compact design choices, wall-hung toilets can optimise smaller spaces. By eliminating the clutter of conventional toilets, which take up floor area, they create the illusion of a more spacious bathroom.

FIVE GOOD REASONS TO GO WALL-HUNG

60
Mio

DURABLE

Installed 60 million times over the past 50 years, Geberit concealed flush plates represent the ultimate tried-and-tested solution.

SIMPLE MAINTENANCE

Simply remove the flush plate for access to all important parts. Geberit stock spare parts for you, for 25 years.

VERY STRONG

No wobbling or vibrations - strength-tested to bear a weight of up to 63 stone.

HYGIENE: SIMPLE CLEANING

No pedestal and no cistern in front of the wall means no exposed pipework for dirt and bacteria to hide.

TESTED IMPERMEABILITY

Every Geberit cistern is individually tested to guarantee water tightness.

THE BEAUTY OF THE WALL-HUNG SOLUTION

Geberit wall-hung solutions offer the best of all worlds for your bathroom. Unlike traditional close coupled designs, the cistern can be concealed out of sight, maximising space whilst offering the ultimate in design minimalism. They also offer greater design freedom than conventional back-to-wall designs, because the pan is suspended above the floor, creating a contemporary look that is sleek, modern, easy to clean and perfect for today's busy lifestyles.

THE ADVANTAGES OF GEBERIT WALL-HUNG TECHNOLOGY

- Enables you to enjoy the latest bathroom trends, enhancing well-being and maximising space
- Future-proof your home with the latest tech such as quieter flush solutions and touchless flush plates
- Family friendly - perfect for those with children or the elderly, seat height can be adjusted for preference, and Duofix frames make raising or lowering easy.
- Reliably **strong and durable** – the robust frame and toilet are strength-tested to support a weight of up to 63 stone with no wobbling or vibrations
- **Advanced sustainability** – the standard flush is 6/4 litres and can be set to flush on 4/2.6 litres
- Effortless style – with a range of aesthetically pleasing designs to choose from
- **Space saving** and space transforming, they're more compact, more ergonomic and easier to clean, creating clean lines in the bathroom
- **Greater hygiene** - with no pedestal, cistern or exposed pipework everything is infinitely easier to clean, with no place for germs or dust to accumulate
- A **modern** and increasingly popular alternative to close coupled across the UK
- Superior acoustics, minimising flushing in any building for a **quieter home life**
- The innovative design means that everything is hidden away behind the wall while Rimfree® technology totally eliminates space for germs to hide

FEATURES AND BENEFITS OF GEBERIT WALL-HUNG INSTALLATIONS:

Easy to clean surface area

Creates more space in the bathroom

Creates a modern look

Seat height can be adjusted for preference

Dual flush gives two flushing options to help save water

Leak proof due to one piece blow moulded cistern

Acoustic features in all the right places

Comprehensive range for all applications

Strength tested to bear a weight of up to 63 stone

Once installed, will you ever be able to access the cistern again?

Yes. Our wall-hung solutions are designed for easy access and easy maintenance – installers simply remove the flush plate for access to all important parts, ensuring hassle free specification.

FAQ's

Because there are no visible means of support, will the pan fall down when you sit on it?

No, their outstanding strength, can stand up to anything. Each Geberit Duofix frame and wall-hung toilet is strength-tested to bear a weight of up to 63 stone. So, there will be no movement, not the merest vibration or the slightest wobble.

COMPLETE BATHROOM EFFICIENCY

When time or budget does not permit the invisible integration of the cistern behind the wall, the Geberit Monolith offers an additional alternative. A slim flushing cistern and the required sanitary technology are housed under an elegant glass surface.

Not only does this add to a sleek contemporary design but allows you to still enjoy the visual, and hygienic benefits of a wall hung toilet.

THE GEBERIT BATHROOM COLLECTION

Geberit offers you the complete bathroom solution from a single source. Responsibly made from the finest materials, Geberit products are a perfect balance of elegant design and outstanding function. From aspirational bathroom suites to cleverly designed bathroom furniture and advanced shower toilet technology, we have everything you need, for your home.

OPTION MIRRORS

Illuminated mirrors and mirror cabinets are a real focus point in the bathroom. The Option series offers a comprehensive selection that provides the perfect soft light for your bathroom routine.
